Volunteers

- Wear pants, Nice dark Top/Button Down, sneakers/shoes you can move in.
- Once you arrive, help load in/set up and get the theater ready before the kids get there.
- As dancers arrive, you'll be in the theater where the dancers sit until we are ready to practice bows.
- For Bows, assist dancers backstage with teachers by class. We line up tallest to shortest by group backstage. After they bow they scoot upstage to allow the next group to come on. After the littles bow, we finish dancer bows with the Performance Team. Finally, teachers come forward to bow with Lead Instructors Center.
- You will be going onstage during bows, since all dancers are bowing and we need all hands on deck.
- Throughout the show, you are responsible for helping maintain show flow. (getting dancers to backstage and getting dancers back to their seats)
- Dancers sit in the right front section of the audience to watch and come up 3 dances prior.
- We enter Stage Left and exit Stage Right. After performing, dancers return to the audience until 5 dances before bows.
- 5 dances before bows, we start bring students backstage to line up for bows. Send 1-2 rows backstage between each dance. All dancers should be back stage by the last 2 dances.
- After bows, we dismiss the students from the stage to their Parent/Caretaker. Help guide students to the stairs to meet their Guardian. (Their Guardian can take them to their seat to get any belongings, but if you are able you can show/direct them)
- Once students have been picked up, please help take down any C2D items we set up.
