

Spring Showcase Details:

What: "Cheers 2 Ten Years"

When: Sunday May 17, 2025 - 4:00 PM

Arrival Time: **1:30 PM PM Ready to go**

Where: Edgewater High School

Address: 3100 Edgewater Dr, Orlando, FL 32804

Dress: Dark colored pants preferred, jeans with no holes okay (clothes you'd wear for picture day but can move in) + C2D Black Volunteer Shirt (pick up when you get there), Dark Colored Comfortable Sneakers.

Volunteers

- Wear pants, sneakers/shoes you can move in. You will be on your feet a lot.
- Once you arrive, help load in/set up and get the theater ready before the kids get there.
- As dancers arrive, you'll be in the theater where the dancers sit until we are ready to practice bows.
- For Bows, assist dancers backstage with teachers by class. We line up tallest to shortest by group backstage. After they bow they scoot upstage and spread out to allow the next group to come on. After the littles bow, we finish dancer bows with the Performance Team. Finally, teachers come forward to bow with the Lead Instructors Center.
- **You will be going onstage during bows**, since all dancers are bowing and we need all hands on deck.
- Throughout the show, you are responsible for helping maintain show flow. (getting dancers to backstage and getting dancers back to their seats)
- Dancers sit in the right front section of the audience to watch and come up 3-5 dances prior.
- We enter Stage Left and exit Stage Right. Once dancers are on stage, head to the opposite side of the stage to receive them. After performing, dancers return to the audience until 5 dances before bows.
- 5 dances before bows, we start bringing students backstage to line up for bows. Send 1-2 rows backstage between each dance. All dancers should be back stage by the last 2 dances.
- After bows, we dismiss the students from the stage to their Parent/Caretaker. Help guide students to the stairs to meet their Guardian. (Their Guardian can take them to their seat to get any belongings, but if you are able you can show/direct them)
- Once students have been picked up, please help take down any C2D items we set up.
